WHAT KIND OF SAKE DO YOU FEEL LIKE TONIGHT?

Futsu shu is regular sake that may have brewers alcohol added to enhance the flavour of the sake

Junmai is made purely only with rice, rice koji and water. Higher acidity, less sweetness

Honjozo is flavourful and is great with food

Daiginjo Highest grade. Has at least 50% of outer layer is polished giving a more refined flavour

Junmai ginjo is premium sake. 40% polished with just rice, rice koji and spring water

Nigori sake is a cloudy sake that is strained through a coarse cloth leaving some sake mash behind
